EPA will meet with the Kalamazoo River Cleanup Coalition (KRCC) and discuss their concerns regarding Allied Landfill. The meeting will be at their headquarters in Kalamazoo, MI. KRCC has long opposed any cleanup option for Allied Landfill that leaves waste in place. Some of the concerns that they have recently raised are about the logistics and viability of long-term monitoring and maintenance at the site.

Michael,
Can you please give me a short blurb today for the weekly report regarding your travel for 7/8?
Thank you,
Kathy
